The Chateau

The Chateau is both stylish and practical. It's the perfect solution for your utility shed or backyard storage needs. This budget friendly style has been a popular choice of our customers throughout our 40 year history.

The Gambrel

The Gambrel offers maximum headroom and space, easily accommodating our optional loft.

The Quaker

The Design of the Quaker offers a distinctive look with a protective 15" overhang and allows a full 7-foot high front wall for improved clearance.

The Delmar

Our Delmar model comes standard with foot taller wall height, 8' x 7' overhead door, 2 windows and a 35" steel door.

The Leisure Building

Our Leisure building, wrapped with oversized windows, offers you a relaxed atmosphere for 3 seasons of enjoyment.

The Aspen

The Aspen offers a steep roof pitch maximizing overhead space. Add a beautiful transom window above the gable end door along with 2 trimmed out windows (as pictured) to complete this one of a kind design.
